

TRI-CITY CARDIOLOGY

Welcome Letter

Dear Patient,

Thank you for choosing Tri-City Cardiology for your care. Our goal is to provide you with very good care and service. The following information is provided to help you have a very good experience at our clinic:

- **New Patient Packet:** All new patients need to complete these forms and bring them to their visit:
 - Patient Information Form
 - Financial Policy
 - Authorization to release Personal Health Information (PHI)
 - Peripheral Vascular Disease (PVD) Screening
- **Items To Bring to Your Appointment:**
 - Current medication list including vitamins, supplements, and over the counter medications
 - Current insurance cards
 - Credit Card, Checkbook, or cash for payments owed at the time of service
- **Check-in Time:** It is **very important** that you check-in **20 minutes prior to your appointment time** to begin your registration process which includes updating your demographic, insurance and health information. Please allow enough time to park, if your appointment is at the Banner Heart Hospital Campus.
- **Late Arrival Policy:** If you arrive more than fifteen (15) minutes late, you may be asked to reschedule your appointment(s).
- **Testing Appointments:** It is very important to be on time for your testing appointment as these appointments run on time. If you are late, you may be asked to reschedule.
- **Cancellation Fee:** Failure to cancel any appointment within 24 hours (1 full business day, Mon-Fri) of your appointment will result in a **\$50.00** charge added to your account.
- **Co-Pay, Co-Insurance, and Account Balance Payments:** Please be prepared to pay your co-payments, deductibles, and any outstanding balances due at the time of your visit. Please refer to the Financial Policy for your financial obligations as a patient.
- **Patient Rooming:** The rooming process begins when the medical assistant escorts you from the waiting rooms to an exam room to obtain updated health information, vital signs, etc to prepare for your visit with the physician.
- **Appointment Time:** Your appointment time is the time you are to begin your exam with the provider or test/procedure. Your physician will be using a computer in the exam room to access and update your medical information as part of an electronic medical record process.

- **Checkout Process:** The Discharge Scheduler will schedule any testing or follow up visits ordered by the physician. You will be provided a Clinical Summary of your visit at that time.
- **Communicating with our Practice:** Following your visit, there are several methods to reach our staff:
 - **Patient Portal** – <https://bit.ly/3lURmn9> or <https://www.medfusion.net/tri-citycardiologyconsultantspc-25364/portal/#/user/login>
 This is a secure website for patients to communicate with our practice, request appointments and medical records, receive statements and pay account balances, etc. You will receive an email with a specific link to register for the new patient portal. After initial registration, you may return to the Medfusion website by using the on our website or saving the link as a favorite on your browser.
 - **This is our preferred method of communications with patients.**
 - **Telephone** – our phone lines are open from 8 am to 4 pm Monday through Friday with live agents to direct your call to the appropriate member of our staff for timely patient care.
 - **Website:** www.TriCityCardiology.com
 Visit our website to see information about our physicians and our practice but link to the **Patient Portal** for **SECURE** communication with our practice.
- **Patient Satisfaction:** Your satisfaction is very important to us. You will be receiving a confidential, electronic survey via e-mail from Press Ganey after your visit. Please provide your honest feedback so we can continue to improve our services.

Thank you for choosing Tri-City Cardiology for your medical care!

The physicians and staff at Tri-City Cardiology

TRI-CITY CARDIOLOGY

Financial Policy

Dear Patient,

Our goal is to provide you with very good care and service. Attached is a copy of our financial policy. It is very important you review this policy. If you have any questions before your appointment please call (480) 844-0401 to speak with a financial counselor.

Each visit, during the registration process, your statement or account balance will be reviewed with you by a financial counselor or registrar prior to services rendered. The final part of your registration process will be to review your financial obligations to ensure the accuracy of your bill. We will ask you to pay any co-payments, deductibles, and outstanding balances at this time.

In addition, your registration process will include updating your demographic, insurance, and health information. This process will improve the quality of patient information we use to care for you.

Being true to our Mission Statement we will work collaboratively with patients who are under financial hardship to develop fair and reasonable payment plans. Financial hardship is determined by policy and is a formal process that must be a joint effort between a financial counselor and the patient. A patient, who has the ability to pay and has not been formally determined to be in financial hardship, is expected to pay at the time of service and maintain no outstanding balance.

Our policy states that any account balance remaining after insurance payments must be paid in full within 30 days of the first statement, unless specific arrangements are made ahead of time. All co-pays, deductibles, and previous account balances must be paid before additional services will be rendered.

We hope this brief overview is helpful. We are excited about the opportunity to provide you with very good care and service. If you have any questions or concerns, please contact Billing at 480-844-0401. Thank you.

Billing Questions

6343 E. Main Street, Suite 12
Mesa, AZ 85205
(480) 844-0401

TRI-CITY CARDIOLOGY FINANCIAL POLICY Patient Responsibilities

We will bill your insurance company. Please have all current insurance cards available so that we may copy the front and back of the card for accurate information. It is your responsibility to inform Tri-City Cardiology (TCC) of any insurance changes. If accurate insurance information is not provided for timely submission of a claim, you will be held responsible for the full amount of the charges.

You will be asked to sign an authorization for your insurance carrier to send payments **directly** to TCC. Any payments sent directly to the patient should be forwarded to TCC with the Explanation of Benefits to prevent your account being subject to collection procedure and legal action. Authorization must be signed at the initial visit, upon any change in insurance and annually thereafter.

Resources are available through your insurance company to understand your insurance coverage. These services will help you to verify that TCC is a participating provider with your insurance company. All referrals to TCC are to be obtained **prior** to your appointment. This will prevent your appointment from needing to be rescheduled.

Payment Policy

Insured

All co-pays and deductibles must be paid before services are rendered. If unable to pay your copay at the time of service, your appointment may be rescheduled. Non-contracted insurance claims will be submitted to the insurance company as a courtesy to you however the charges remain your responsibility. If no response is received from your insurance within 60 days, payment must be made by you.

Non-Insured

TCC requires full payment at the time of service unless prior arrangements have been made with our Billing Office.

Balances Due

Patient balances remaining after insurance payments must be paid in full within 30 days of the first statement, unless specific arrangements are made ahead of time.

Medical Forms

TCC requires full payment of \$50.00 at the time your Insurance forms (FMLA, FAA Clearance, Disability, etc.) are dropped off for completion. Completion of forms is not paid by your insurance company.

24 hour Cancellation for Appointments

TCC requires a 24 hour advance notice for all appointment cancellations. 24 hour advanced notice is defined as 1 full business day, Monday through Friday. Failure to cancel your appointment within these hours will result in a \$50.00 charge added to your account. This charge is not covered by your insurance and is the patient's responsibility.

Hospitalizations It is your responsibility to notify your insurance company and primary care physician's office in the event of an unscheduled hospitalization. It is also your responsibility, not the hospital's to provide TCC with your insurance information.

Non-Sufficient Funds/Return Checks

TCC will pass along to the patient a \$40.00 NSF bank charge for all returned checks. This fee will be added to your account and is the patient's responsibility. The financial institution may charge additional fees to you directly.

Check all that apply:</p> <div style="margin-left: 20px;"> <input type="checkbox"/> I am a current smoker <input type="checkbox"/> I have a history of smoking <input type="checkbox"/> I have diabetes <input type="checkbox"/> I have a family history of diabetes <input type="checkbox"/> I have high cholesterol <input type="checkbox"/> I have a family history of high cholesterol <input type="checkbox"/> I have high blood pressure/hypertension <input type="checkbox"/> I have a family history of high blood pressure/hypertension <input type="checkbox"/> I have coronary artery disease (CAD) <input type="checkbox"/> I have a family history of coronary artery disease <input type="checkbox"/> I have had a stroke/mini-stroke/TIA <input type="checkbox"/> I have a family history of stroke/mini-stroke/TIA </div>

TRI-CITY CARDIOLOGY

MEDICATION MANAGEMENT

Dear Patient,

Proper management of your medications is very important to your care plan. It is important that we work together to educate you on your medications and that we maintain an accurate medication list.

- **Please bring your current medication lists, including dosage and instructions to every office visit with your physician.**
 - Be prepared to provide information about **new** medications since your last office visit.
- **If you have been discharged from the hospital in the last sixty (60) days, it is important to bring your hospital discharge instructions that contain your most recent medication instructions.**

Managing Prescriptions Refills

Tri-City Cardiology is compliant with Electronic Prescription requirements, therefore:

- **All refill requests for medication must be made through your local or mail order pharmacy.**
- If you need a refill authorization (if you are out of refills), you must call your pharmacy. The pharmacist is in the best position to safely and accurately coordinate the request with our staff.
- Request your refills at least 7 days BEFORE you will run out of medication to allow time for processing of your refill.
- If your prescription has expired, allow at least two weeks for your pharmacy to process the new prescription.
- If your prescription medication requires authorization from your insurance or you use a mail order pharmacy, allow at least 30 days for this process to be completed.

Understanding Your Medications

It is important that you know what medication(s) you are taking and how to take them. Be prepared for your visit by asking questions about your medications of your other physician(s) who prescribe them or pharmacist.

- Know the name and dosage of the medication(s). Keep a list with you.
- Know when you should take your medications and what to do if you miss a dose.
- Know the side effects (for example, drowsiness or nausea).
- Know if your medication(s) could interact with any over the counter non-prescription medications that you may be taking or whether you should avoid alcohol while taking a medication.

Thank you for your cooperation with following the above instructions to help process all of your medication requests and questions timely and accurately. Our goal is to ensure you understand and take your medications as directed by your physician for your best health benefit.

TRI-CITY CARDIOLOGY

Patient Code of Conduct

In an effort to provide a safe and healthy environment for staff, visitors, patients and their families, Tri-City Cardiology expects visitors, patients and accompanying family members to refrain from unacceptable behaviors that are disruptive or pose a threat to the rights or safety of other patients and staff.

The following behaviors are prohibited:

- Possession of firearms or any weapon
- Physical assault, arson or inflicting bodily harm
- Making verbal threats to harm another individual or destroy property
- Intentionally damaging equipment or property
- Making menacing gestures
- Attempting to intimidate or harass other individuals
- Making harassing, offensive or intimidating statements, or threats of violence through phone calls, letters, voicemail, email, or other forms of written, verbal or electronic communication
- Racial or cultural slurs or other derogatory remarks associated with, but not limited to, race, language or sexuality

In order to ensure that the privacy of our patients and staff is protected and so as to ensure that the physician-patient relationship remains confidential and private, Tri-City Cardiology does not permit anyone to record, video tape or photograph our facilities in any way during any visit or appointment with us.

If you are subjected to any of these behaviors or witness inappropriate behavior, please report to any staff member. Violators are subject to removal from the facility and/or discharge from the practice.

Our practice follows a zero-tolerance policy for aggressive behavior directed by patients/visitors against our staff.

*Adults are expected to supervise children in their care.
